

ASEAN JOURNAL ON SCIENCE & TECHNOLOGY FOR DEVELOPMENT

Advances in technology and policy analyses that make tangible contributions to socioeconomic development in the Southeast Asian region.

FOCUS AND SCOPE

Biotechnology, non-conventional energy research, materials science and technology, marine sciences, meteorology and geophysics, food science and technology, microelectronics and information technology, space applications, science and technology policy, and infrastructure and resources development.

Original research, science and technology policy papers, or technical notes and communications are accepted.

QUICK TURNAROUND

Decisions on manuscripts are made within an average of 14 weeks.

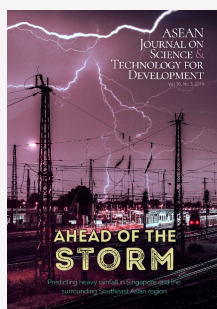

COMMITMENT TO QUALITY

Double-blind peer review. Immediate open access. No publication fees. Authors retain copyright.

HISTORY

Established by the ASEAN Committee on Science and Technology, AJSTD published its first issue in 1984. Editorial control of the journal rotates every three years between ASEAN member countries. As of 2018, AJSTD is jointly published by ASEAN COST and the Ministry of Research and Technology/National Research and Innovation Agency of the Republic of Indonesia, under the stewardship of Universitas Gadjah Mada.
